PORTFOLIO:

Project #1: Grote Company

Location: https://www.grotecompany.com/en-us/

Role: Sketch to HTML Slicing

Skills Used: HTML, CSS 3, Bootstrap, JavaScript and Jquery.

Description: Grote Company is now the leading manufacturer of slicing and food assembly equipment for companies the world over, from small local businesses to global brands. My responsibilities include the client. Given the sketch file, I will convert it to HTML and bootstrap nearly 10 pages.

Project #2: Van mark

Location: https://vanmark.com/en-us/

Role: Sketch to HTML Slicing

Skills Used: HTML, CSS 3, Bootstrap, JavaScript and Jquery.

Description: Van marks manufacture the world's best potato and produces washing, peeling, and cutting equipment and parts available anywhere. My responsibilities include the client. Given the sketch file, I will convert it to HTML and bootstrap nearly 10 pages.

Project #3: Done Fast

Location: https://done-fast.com/

Role: Template to - Web Designing

Skills Used: HTML, CSS 3, Bootstrap 3.3.7, JavaScript and Jquery.

Description: Done Fast is an air conditioning and home service insurance company in Orlando, USA. My responsibilities include analyzing project requirements for design pages — what pages are needed and how many pages are needed — design coding, resolving technical and design issues, and also for the backend admin section.

Project #4: Globe Home Protection

Location: https://globehomeprotection.com/

Role: Template to - Web Designing

Skills Used: HTML, CSS 3, Bootstrap 3, JavaScript and Jquery.

Description: Globe Home Protection is a home insurance company in the USA. My responsibilities include analyzing project requirements for design pages, design coding, resolving technical and design issues, and managing the backend admin templates section.

Project #5: Barbequeen.com

Location: https://barbequeen.com/

Role: Template to - Web Designing

Skills Used: HTML 5, CSS 3, Bootstrap 4, Jquery and JavaScript.

Description: Barbequeen is a famous restaurant in Tamil Nadu. This website was designed in HTML 5, CSS 3, and a mobile responsive website with bootstrap. And the developer developed in the Laravel Framework. With good-looking design and functionality. Customer can choose menus, locations etc.

Project #6: Nikaa Briyani.com

Location: https://nikaabriyani.com/design/   https://nikaabriyani.com/

Role: Template to - Web Designing

Skills Used: HTML 5, CSS 3, Bootstrap 3, Jquery and JavaScript.

Description: Nikaa Briyani is a famous restaurant in Tamil Nadu. This website was designed in HTML 5, CSS 3, and a mobile responsive website with bootstrap. And the developer developed in the Laravel Framework. It's a fancy website. This website includes a gallery, menu, blog, blog details; contact us, franchise, about us, etc.

Project #7: RMI Sys

Location: https://rmisys.com/

Role: PSD to HTML Slicing

Skills Used: Photoshop, HTML, CSS, (Skeleton Responsive Framework), JavaScript and Jquery.

Description: RMISys is an official website for RMI Sys LLc related to your project or business; consider providing a brief description about its development and purpose. My responsibilities include creating the PSD for design. When it is approved, I will slice it using HTML and CSS.

Project #9: Calco World Market

Location: https://www.calcoworldmarket.com/

Role: PSD to HTML Slicing

Skills Used: HTML 5, CSS, (Bootstrap 4 Responsive Framework), JavaScript and Jquery.

Description: Calco World Market is a very dynamic site. Calco is a new, innovative market place created to service the entire internet world with what will be a huge meeting place for the world's shoppers and sellers.
